FERTILISER HOIST

LEARN FROM THE PAST, LOOK TO THE FUTURE

Universal linkage brackets to suit any modern spreader

*Hydraulic telescopic arm:
1.8m Closed - 3.4m extended*

*Available with independent
valve chest control.*

The Rossmore fertiliser hoist is designed with universal linkage brackets to suit any modern fertiliser spreader. Designed to work on the 3-point linkage of agricultural tractors of 60 + HP. Has adequate lifting capacity to suit half ton fertiliser bag. Features an extendable telescopic arm which gives greater flexibility. Eliminating the need for a second tractor and driver.

Special Features:

- Strong robust frame made using heavy duty box section.
- Hydraulic lift and extension of the jib.
- Available with tractor control or independent valve chest control.
- Universal linkage brackets to suit any modern spreader c/w robust topline to suit fertiliser spreader.
- Lifting capacity extended: 500kg.
- Heavy duty lift hook.
- Quick attach bar for ease of implement attachment.
- Extendable telescopic arm: 1.8m Closed - 3.4m extended.
